

Year	Type of Award	Name of Researcher	Project Title	Length of Project (mnts)	Amount Awarded
2016	UKEGS	MARTIN Prof Keith	Axon regeneration of human retinal ganglion cells	12	£34,625.00
2016	UKEGS	FOSTER Prof Paul	Enhanced, Repeat Imaging of UK Biobank Participants	24	£35,375.00
2016	RCOphth	SPARROW Prof John	Defining prevalence of COAG in a representative UK population: Gold Standard Stereoscopic Photographic Disc Grading	12	£14,258.00
2016	RCOphth	SHERIDAN Dr Carl	Investigating PET cells as a therapeutic strategy to treat glaucoma	12	£60,742.00
2016	RCN	TREWICK Elizabeth	Development of an evidence-based clinical tool that will predict 'risk of non-adherence' to topically applied glaucoma medication	12	£25,000.00
2016	College of Optoms	MCCLEAN Pam	Evaluation of a novel method of visual field testing Saccadic Vector Optokinetic Perimetry (SVOP) for the diagnosis of glaucoma	24	£25,000.00
2015	RCOphth	KING Prof Anthony	Quality of life assessment in glaucoma patients undergoing glaucoma surgery	84	£18,858.57
2015	RCN	WATERMAN Prof Heather	People's experiences of managing glaucoma when living with dementia: a grounded theory study	15	£24,972.00
2015	College of Optoms	TAYLOR Deanna	Finding glaucoma in the high street – a pop-up pilot project (18m)	18	£15,825.00
2015	UKEGS	ASLAM Prof Tariq	Refinement and validation of a game-based visual field test for children	9	£30,228.00
2015	UKEGS	BOSTEN Prof Jenny	Visual field assessment for disease detection and monitoring using a head-mounted display'	12	£19,772.00
2015	UKEGS	WILLOUGHBY Prof Colin	Reverse Engineering Glaucoma: Progress toward the integrative genomics of glaucoma'	18	£40,000.00
2014	RCOphth	LOTERY Andrew	Identifying novel genetic variants for primary open angle glaucoma	24	£38,747.00
2014	RCOphth	MARTIN Prof Keith	Neuroprotection of human retinal ganglion cells by platelet derived growth factor and human mesenchymal stem cells	12	£51,253.00
2014	RCN	BADRAN Imad	Investigating patients' perceptions of using a glaucoma passport in the hospital outpatient clinic, qualitative study	12	£7,500.00

Year	Type of Award	Name of Researcher	Project Title	Length of Project (mnts)	Amount Awarded
2014	RCN	MARSDEN Prof Janet	Nurses' knowledge and awareness of glaucoma management in care home settings	12	£13,000.00
2014	RCN	HARD Lynda	Validation of the glaucoma POEM (Patient reported Outcome & Experience Measure)	12	£12,500.00
2014	College of Optoms	LAWRENSON Prof John	Self-tonometry: is it practical, is it accurate, does it add more information to aid clinical management?	12	£27,063.00
2014	UKEGS	HARPER Robert	Virtual clinics for glaucoma care in the UK - National survey and patients' and clinicians' experiences and perceptions: a qualitative evaluation'	24	£48,995.00
2014	UKEGS	VALLABH Neeru	Mitochondrial Dysfunction in the Trabecular Meshwork In Primary Open Angle Glaucoma'	18	£18,800.00
2013	RCOphth	HAMMOND Chris	Investigation of the utility of cascade screening in high-risk family members of African-Caribbean glaucoma cases	24	£49,882.00
2013	RCOphth	MURDOCH Prof Ian	Primary glaucoma treatment trial in Kenya and South Africa – SLT vs medication	36	£30,000.00
2013	RCOphth	LIM Sheng	The contribution of Altered Aqueous Dynamics in the Development of Raised Intraocular Pressure in Patients with Uveitis	12	£14,253.00
2013	RCN	FORBES Marina	Prospective randomised study of effectiveness of a Client-Held Eye Health Summary for newly-diagnosed glaucoma patients	36	£5,600.00
2013	Fight for Sight	WILLOUGHBY Prof Colin	Investigating the Molecular Basis of Steroid-Induced Glaucoma using an Ex-Vivo Organ Culture System	12	£7,500.00
2013	UKEGS	HENSON David	Development of a self administered/assisted visual field screening tool for glaucoma'	12	£37,346.00
2013	UKEGS	BANNISTER Kate	Progression of disease in patients newly diagnosed with glaucoma and glaucoma suspects participating in the GATE study'	24	£40,000.00

Year	Type of Award	Name of Researcher	Project Title	Length of Project (mnts)	Amount Awarded
2013	UKEGS	PUERTAS Renata	Investigation into the effect of previous cataract surgery upon aqueous humour cytokine expression & surgical outcome in trabeculectomy for uveitic glaucoma	12	£12,000.00
2012	RCOphth	WASEEM Naushin	Identification of Genes for Pigment Dispersion Syndrome by Next Generation Sequencing	36	£25,000.00
2012	RCOphth	BOURNE Rupert	Electronic National Ophthalmology Glaucoma Database Audit (ENGAGE)	36	£25,000.00
2012	RCOphth	KING Prof Anthony	Evaluation of inflammatory markers in patients on topical anti-glaucoma drop therapy – a comparative trial of preserved and non-preserved primary medical treatment in patient with advanced glaucoma	36	£50,000.00
2012	RCN	RICHARDSON Cliff	Training nurses to deliver group based education to people with glaucoma: testing of treatment fidelity	18	£19,183.00
2012	UKEGS	CRABB David	Research Project Title: “What types of visual field defects are hazardous for driving?”	12	£25,000.00
2012	UKEGS	O'BRIEN Colm	Research Project Title: “An analysis of normal and glaucomatous human lamina cribosa and trabecular meshwork cell behaviours as determined by rigidity of the surrounding extracellular matrix”	12	£25,000.00
2012	College of Optoms	SUKUMAR Subash	The influence of socioeconomic and clinical risk factors upon progression of visual field in patients with glaucoma	24	£39,686.80
2012	Fight for Sight	KELBERMAN Daniel	Investigating the molecular mechanisms influencing therapeutic responses in glaucoma	12	£7,500.00
2011	RCOphth	BASTAWROUS Andrew	The five year Incidence & Progression of Glaucoma in Nakuru, Kenya and the validation of a glaucoma screening tool	36	£50,000.00
2011	RCOphth	SHERIDAN Carl	Repopulation of the trabecular Meshwork – a way head in IOP control	12	£50,000.00

Year	Type of Award	Name of Researcher	Project Title	Length of Project (mnts)	Amount Awarded
2011 / 2015	RCOphth	MATHEW Rashmi	A randomised controlled pilot study to assess the safety and efficacy of subconjunctival bevacizumab as an adjunct to trabeculectomy surgery	36	£50,000.00
2011	RCN	WATERMAN Prof Heather	Training nurses to deliver group based education to people with glaucoma : an evaluation of the training material	24	£12,000.00
2011	RCN	COX Carol	Implementation and evaluation of an Expert Patient programme for patients with chronic primary open angle glaucoma		£8,000.00
2011	UKEGS	SPRATT Alex	The Ghana Primary Tube Versus Trabeculectomy Study”		£50,000.00
